The future of our community lies in the potential of the next generation. Your contribution to Potential Christian Academy High School extends far beyond a monetary commitment. In fact, your generosity will build the foundation upon which future leaders will be planted, flourish, and impact the world for good!

Together, we are building not just a high school, but a movement and legacy that will continue for years to come. Your prayers and financial seed are the catalysts for change. Through your giving, teenagers' lives will be transformed as they learn about God, receive a top-notch education, participate in athletics, prepare for college, and most importantly, become AMBASSADORS for Christ!
